

**To: All Parents of Angwin Private School Students**  
**From: Pacific Union College**

**NOTICE OF SPECIAL MEETING**  
**Monday, October 22, 2007 6:30pm**  
**Fireside Room, PUC Church**

As you are aware, Pacific Union College has filed an application with the County of Napa for approval of the PUC Angwin Ecovillage project. The project contains plans for the improvement of many community resources, including improvements to Angwin's private schools.

Please join us to learn more about the Ecovillage project, and hear about how the project is strongly committed to working with all of Angwin's private schools to understand your goals for school improvements and to provide financial assistance to help you achieve those goals. Learn about state-of-the-art innovations in sustainable school facilities and sign up for a special parents' field trip!

Please join us for what we hope will be just the first of many meetings in a cooperative process that best serves the educational needs of the community.

**Child Care Provided in Scales Chapel**

Please call Julie Lee at 965-6303 for more information.

Thank you!
